

Andy Perry

Harcourts Hunter Mason Realty

I joined Palos Verdes Peninsula Association of REALTORS® as Mortgage Lender with First Capital Mortgage in 2015. I was the in-house Lender at Coldwell Banker, PV/Beach Cities and served at their Malaga Cove office with Gary Fleishman. After attending my first PVPAR breakfast I knew I wanted to be an active member of this great organization and I immediately began attending Affiliates in Action (AIA) meetings to become a member of PVPAR AIA.

After getting my Real Estate license in October of 2017, I joined Courtney and Tony Self at Harcourts Hunter Mason Realty and I knew there was no other Real Estate board that I wanted to be a part of. Now, in my first year with PVPAR as a REALTOR® I am pleased to be serving on the Fundraising/Scholarship and the Grievance committees. I was very fortunate to have been invited to the C.A.R Legislative Day in Sacramento with the PVPAR Board and learning more about the politics involved in our industry.

Currently, I am also serving on the Board of Directors for the South Bay Network of the Women's Council of REALTORS® (W.C.R.) as a Program Director. I am very involved as a State level W.C.R. member and am currently serving on the State Planning committee for the W.C.R. booth at this year's C.A.R. Expo in Long Beach.

My additional volunteer experience includes: working at the PVPAR YPN Month of Giving painting project at the Boys and Girls Club in San Pedro; I have served as a volunteer on local Habitat for Humanity and Meals on Wheels chapters when I lived in Portland, OR; and, I continue to attend many local South Bay and Palos Verdes networking events including all beach cities and PV Chambers of Commerce.

I want to do all I can to help grow the PVPAR membership and enhance all of our great events with creative and fun ideas.

Thank you for the opportunity to be considered for Board of Director position with this great Palos Verdes Peninsula Association of REALTORS®.
