RE/MAX Agents Are The Best In The Business

REMAX agents like Jackie have the best of both worlds. They are in business for themselves, they pay their own operating expenses, and make their own business and marketing decisions.

Yet they are also supported by one of the best known International Real Estate Corporations.

Jackie is a full time professional REALTOR®, who also has her broker's license. She gets results because she knows her territory, and knows how to put a proposal together that is satisfactory to her clients, whether they are buyers or sellers. To do one deal with Jackie is an invitation to future deals. She has the ability to make your interests and needs her own, and she knows how to satisfy them.

U.S. Senator John Seymour congratulates Jackie on her Chamber of Commerce Presidency and Community Involvement.

There Is Nothing Like A Professional...

Although luxury homes are Jackie's specialty, she is active in all price ranges. Jackie makes all her clients feel special. She puts them at ease immediately with her sincerity, interest and professionalism. As a CRS-CERTIFIED RESIDENTIAL SPECIALIST, she realizes that your home purchase is one of the most important buying decisions you'll ever make.

Jackie and Congressman Dana Rohrabacher sharing a moment at The Red Onion in Rolling Hills Estates.

Professionalism is defined by Jackie as being a Certified Residential Specialist (CRS), a designation earned after becoming a Graduate of the REALTOR® Institute (GRI), being a member of the Local Association of Realtors, a member of the State Association, and a member of the National Association of Realtors, in addition to adhering to a strict code of ethics.

Most important is her extraordinary sales performance in listing and selling residential properties.

There Is Nothing Like Experience...

Jackie Crowley has been active in residential real estate in the Palos Verdes Peninsula area for over 30 years.

Experience is industry recognition, and Jackie has consistently received the annual REMAX International Top 100% Club Award.

Experience is participation, and Jackie is a past Regional Vice President of the 21st District—California Association of REALTORS, past president of the Rolling Hills Board of REALTORS, and the 1987 "Realtor® of the year." She has served as a Director of the Rolling Hills Board of Realtors and the National Association of REALTORS for numerous years.

Experience as a top producer resulted in Jackie's reputation as an effective negotiator. 90% of Jackie's sales are repeat business and client referrals. She attributes this success to her concern for clients and her ability to communicate, whether it's helping buyers find the right property at the right price, or helping the sellers by establishing true current value and developing a unique marketing approach to selling their property.
