

PV PAR

FOOD FOR THOUGHT SERIES

A quick bite of info that can make a difference in your business!

ENGINEER & PLANNING EXPERT ON ALL THINGS CITY-RELATED!

Allan Rigg has over 20 years experience as both city staff and as a consultant in PV. He will share his knowledge on the various pitfalls he has seen Realtors fall into with the multitude of City regulations. He will also share how to get the best possible results on your projects big and small.

October 28th - 12:00 pm to 12:30 pm
Reservations Required! ZOOM session

What is on Today's Menu?

- Working with City staff
- Obtaining research items regarding a property
- Determining what can be built on a residential property/Embracing the Neighborhood Compatibility process
- View-encroaching vegetation
- Second dwelling units
- Avoidable disasters including property lines errors, liability due to underground maintenance, illegal construction, and right of way issues
